**VITAL-LinkIt™** brings the *most powerful* and *advanced IoT-based scanning* capabilities to **Smartphones** and **Tablets**.

Why invest in large, heavy handheld scanners if you don't need to?

Let **VITAL-LinkIt** bridge the gap.

Powered by VerdaSee's proprietary **VITAL-1W4p™** technology, **VITAL-LinkIt** pairs with the Bluetooth smartphones and tablets you *already* have (via NFC).

Whether they are Android, iOS, or Win10 based, **VITAL-LinkIt** uses a simple user interface to bring serious automatic IoT-based scanning capabilities to your smartphones and tablets in an ultra-small, lightweight, wearable unit that can wirelessly scan thousands of items from a range of up to 15 feet (5 meters).

With **VITAL-LinkIt**, you can wirelessly:

- Pair with whatever Bluetooth technology you *already* own
- Scan in low *or* mass density tag environments (up to 800 tags/sec)
- Operate for 8 hours before recharging
